Download the lecture video here. Information plays a huge role in the modern world, with vast amounts of data literally at our finger tips. The Internet is leading to an ever-increasing amount of data, leading to the "challenge of Big Data", in which we have to deal with huge amounts of data of direct relevance to people's lives.

## The Challenge of Big Data - gresham.ac.uk

Real projective 3-space, or  $RP^3$ , is the topological space of lines passing through the origin 0 in  $R^4$ . It is a compact, smooth manifold of dimension 3, and is a special case  $Gr(1, R^4)$  of a Grassmannian space.

## 3-manifold - Wikipedia

Morse theory  
Morse theory is a branch of differential topology. It is named after the mathematician Rabinowitz. It is a special case of the more general theory of critical points of functions on manifolds. It is a special case of the more general theory of critical points of functions on manifolds. It is a special case of the more general theory of critical points of functions on manifolds.

## Mathematics - Wikipedia

Since the Renaissance, every century has seen the solution of more mathematical problems than the century before, yet many mathematical problems, both major and minor, still remain unsolved.

## List of unsolved problems in mathematics - Wikipedia

Terms offered: Spring 2019, Fall 2018, Spring 2018 Berkeley Connect is a mentoring program, offered through various academic departments, that helps students build intellectual community.

## Mathematics (MATH) < University of California, Berkeley

Matemática escolar desde un punto de vista superior, I: un mio libro, in collaborazione con Carlo Madonna e Alberto Barcia (dell'Università Autonoma di Madrid) uscito nel 2011, che tratta a livello storico-didattico gli elementi fondamentali dell'aritmetica e della teoria insiemistica.
